Public Works Secretariat. | 1145 Pile No. 30 of 1926.

Serial No.

1✓ Returned, with compliments, to the Secretary to Government, Local and Legislative Departments.

2. The following estimates have been sanctioned -

| | Amount of Estimate Rs | Outlay incurred Rs |
|---|---|---|
| (1) Laying 16" pipe line from Yelemallappa Chetty tank to Combined jewell Filters and constructing pumping station,&c ..... | 1,50,000 | 81,760 |
| (2) Laying 15" pipe from Hoskote tank for pumping water from Hoskote Chikkere tank to Yelemallappa Chetty tank..... | 66,000 | 27,520 |
| (3) Compensation to the ryots holding lands under Madhure, Dod-Tumkur and Kolathur tanks..... | 22,668 | 18,234 |

3. The following works have been approved but the detailed estimates have not been sanctioned yet -

| | | |
|---|---|---|
| (1) Reservation of Dod-Tumkur Yelemallappa Chetty and Hoskote Chikkere tanks for 1926-27..... | 37,200 | |
| (2) Depletion of Kalkere and Hoovinnane for supplementing water supply in Yelemallappa Chetty tank | 18,375 | 775 |
| Total amount of estimates ..... | 2,94,243 | 1,28,289 |

4. 13 It is seen from the above that the total cost of the estimates is Rs 2,94,243 and the Municipal share of the expenditure will be Rs 2,94,243/2 = Rs 1,47,122.

§2 This case relates to the adjustment of expenditure incurred for emergency measures in connection with the water scarcity in Bangalore City. The Chief Engineer reports that the outlay incurred for this purpose is about Rs.2,56,000. Out of this, a sum of Rs.1,28,000 has to be paid by the City Municipality Only a sum of Rs.6,000 has been recovered and the balance of Rs.1,22,000 is outstanding.

§3 The Municipal Council request that one half of this amount, as well as one half of the outlay incurred by the Municipality itself (about Rs.50,000) be met by Government.

§4 In para 16 of the notes, the Dewan observed "I feel that some consideration has to be shown to the Municipality, which was put to heavy expenditure on account of water difficulty".

§5 The points for consideration now are

(1) whether and what portion of the expenditure incurred by the P.W.D should be borne by Govt.

(2) whether the outlay on sinking wells incurred by the Municipality should also be taken into consideration,

The matter may perhaps be considered in Council

Note—Contn Sheet

Serial No

7/7

56 In considering the question as to what relief may be afforded to the Municipality which was obliged to incur heavy expenditure on account of water difficulty I have to bring to notice one or two points According to the report furnished by the Comptroller the Municipality has held up payment of the amounts due to Government on account of annual maintenance charges of the water orks The water tax collected during 1925-26 viz Rs 76 428-3-3 was not paid in time (I understand from Mr Md. Abbas Khan that this amount has now been remitted to the Treasury )

57) Under existing orders the entire maintenance charges have to be borne by the Municipality from 1st July 1926 A sum of about Rs 1 29 000 is due by the Municipality in recoupment of their share of expenditure incurred by the ublic orks Department This is outstanding under an advance head The Municipality should I think be definitely informed that there should be no delay in the payment of the water supply maintenance bills presented to it, under the orders now in force.

58 As regards the question of adjustment of expenditure incurred as an emergency measure it seems to me that Government may remit half the expenditure incurred by the Public Works 7

*Submitted to His Highness*

These papers relate to the question of making a grant to the Bangalore City Municipality of a part of the expenditure that had to be incurred in the years 1925-26 and 1926-27 on emergent measures undertaken for meeting the water difficulty in the City In a letter dated 12th February 1926 the Municipality requested the Government to give a grant of one half of the amount which had to be spent under this head On account of financial stringency this request was refused by Government in Government Order No L. 7019-20/M1 96-25-36 dated 21st May 1926 The Municipality have since requested a reconsideration of the order urging that the special measures which had to be undertaken for relieving the difficulty for water in the City, should be classed as distress relief operations for which Government should extend substantial help and that the Municipality had gone as far as they could in proposing to meet one half of the cost and that it would be very hard on them if they were asked to meet the whole of the cost It is ascertained that the measures undertaken in this connection in the Public Works Department have cost up to the end of 1926-27 about Rs 2,56,000, of which the City Municipality would have to pay Rs 1,28,000 The Municipality themselves have spent about Rs 50,000 on improving well water supply in the City in the same connection The Municipality's request is that Government should bear one half of this total expenditure of Rs 1,78,000

Although, strictly speaking, this might be a proper charge on municipal funds, I was of opinion that some consideration could be shown to Municipal Council, in view of the large sum involved and their heavy commitments in other directions The Financial Secretary has accordingly suggested that, in respect of the expenditure incurred by the Municipality for improving the water supply in the City, Government need not make any contribution, but that of the amount spent by the Public Works Department on

other special measures to relieve water scarcity one half may be met by Government

This proposal has been agreed to by the Members of Council and myself and a draft order has accordingly been prepared and placed in the file I solicit that His Highness may graciously be pleased to approve of it

Bangalore,
22nd July 1927

Mirza M Ismail

B a n g a l o r e

Sir,

With reference to para 2 of Government Order No L 70-19-20/Ml 96-25-36 dated the 21st May 1926 stating that Government regret that owing to the present financial stringency they cannot grant a subvention of a moiety of the total expenditure incurred by the Municipality on account of the present water scarcity, I have the honour to submit herewith for the kind consideration and favourable early orders of Government, a copy of the resolution of the Municipal Council dated 3rd July 1926 on the subject The resolution speaks for itself The council in reaffirming their previous resolutions dated 9th February 1926 and 17th April 1926, which were submitted with this office letters Nos 127 dated 11th February 1926 and 163 dated 27th April 1926 respectively, respectfully desire to point out that the estimates sanctioned for water works so far are on account of the capital cost of works undertaken by Government under extraordinary circumstances and that it would be very hard on the Municipality if the full cost of the schemes has to be borne by it, especially when even the maintenance charges are heavy enough and more than the Municipality wanted to bear

I have the honour to be,
Sir,
Your most obedient servant,

Forwarded with Compliments
Mohammad Abdullah
Asst Secretary

Forwarded with compliments.

Honorary President.

Subject No 3

(5) Government Order No L 70-19-20-/M1 96-25-36 dated the 21st May 1926 sanctioning an additional expenditure of Rs 21,434 on well works, during the current year and stating that Government cannot make any subvention towards the works to improve water supply to the City of Bangalore, owing to the present financial stringency

---

Resolution - Resolved that the previous resolutions of the this Council dated 9th February 1926 and 17th April 1926 in this matter be reaffirmed and the Government requested to reconsider their order dated the 21st May 1926, having regard to the fact that the estimates forwarded to the Municipal Council were countersigned on the distinct understanding that the Municipality would pay only a moiety of the total cost of the emergency measures adopted for relieving distress in the City The Municipal Council desire respectfully to point out that the estimates sanctioned now are on account of the capital cost of works undertaken by Government under extraordinary circumstances and as such it would be very hard on the Municipality

Municipality to be asked to pay the full cost of the scheme when the Municipality are already heavily burdened on accoun of various financial commitments in respect of several schem Further resolved that, as these schemes are measures which-- should be classed as distress relief operations for which Government have in the past been extending substantial hel the Municipal Council feel that they have a right to look forward to Government to take all these circumstances into consideration and accord sanction to the request of the Cou cil in this behalf The Municipal Council would further ur the fact that the Municipality has gone as far as it can, undertaking to pay even a moiety of the cost and as such i should not be made to bear the whole cost which would be neither in keeping with the general policy followed by Gov ment in matters of this kind nor meet the requirements of particular case

Sd/-Mohamed Abbas Khan

Honorary President

Proceedings of the Government of H H
the Maharaja of Mysore

R e a d -

S

G.O No L 7019-20/Ml 96-25-36 dated 21st May 1926 stating that Government could not sanction the request made in the Resolution of the Bangalore City Municipality, that Government make a grant of a moiety of the expenditure on well works undertaken by the Municipality and on emergent measures taken up by the Public Works Department for meeting the difficulty for water in the city

2 Correspondence ending with letter No 348 of 26-27 dated 28th June 1927 from the Municipal Commissioner Bangalore City requesting reconsideration of the above order and stating that outlay incurred by the City Municipality on emergent water works uptodate would come up to Rs 50 140

P W D

A (Office note)

3 U O Note No 117 dated 10th May 1927 from the Chief Engineer in Mysore stating that the total expenditure incurred by the P W D up to end of February 1927 and the probable expenditure to be incurred thereafter on account of water - scarcity in the Bangalore City and Civil and Military Station would come to Rs -- 8,56,602 of which the City Municipality -- would have to pay Rs 1,28 301 and that of this amount the Municipality has already paid Rs 6,000 the balance remaining to be paid being Rs 1,22,301

P.T.O.

Govt Order No L 584 4/Am 30-26-2

Dated Bangalore 27th July 1927

Council
The Municipal/request that one half of the amount of Rs 1,28 301 spent by the Public Works Department (on emergent measures undertaken to meet water scarcity in that city) as well as one half of the outlay of Rs 50,140 incurred by the Municipality ~~thereof~~ in the same connection be met by Government with regard to the expenditure incurred by the Municipality ~~thereof~~ on improving wells in the City Government consider that there is no need to reconsider the orders already passed With regard to the expenditure that has been incurred by the Public Works Department, however, Government in view of the special circumstances in which these measures had been undertaken, are of opinion that some consideration is due to the Municipality They are accordingly pleased to direct that one half of the expenditure under this head be treated as contribution by Government and only the other half recovered from the Municipality As a sum of Rs 6,000 is said to have been already recovered in this connection the amount due from the Municipality would be about Rs 58 150 The Municipality will be required to make this payment immediately so that the Comptroller may make adjustments in the accounts for 1926-27 and close the account

Chief Secretary to Government
